

WOOD MOUNT RUBBER STAMPS

Custom made rubber stamps... the traditional way to stamp information, using a separate stamp pad. Rubber stamps can be made to almost any size and design.

Although rubber stamps can be made to any size,
our standard sizing chart will accommodate most needs
and offer value pricing.

THE RUBBER ADVANTAGE

Our rubber stamps are made exclusively with natural rubber

- Rubber dies are the preferred choice of banks and industry
- Extra long life ... as rubber withstands the degenerating effects of inks, chemicals, rugged pounding, ultraviolet light & extreme temperatures.
- Rubber holds more ink than cheaper die materials, for clear impressions and multiple impressions without returning to the ink pad.

SPECIAL STAMPING NEEDS

- Logos & Signatures are easily reproduced on rubber stamps
- Deep moulded rubber – For special marking needs like stamping lumber, cardboard etc.
- Rocker stamps – A gentle curve in the stamp facing provides for clear images on extra large stamps
- Black rubber dies – A harder rubber material for marking with special inks & corrosive surfaces

CUSTOM WOOD MOUNT STAMPS -- WITH ALL RUBBER DIES

WM-3 5/8" x 1-5/8" (41mm x 16mm)	WM-5 5/8" x 2-1/2" (64mm x 16mm)	WM-7 5/8" x 3-1/2" (89mm x 16mm)	WM-1 1/2" x 1-1/4" (32mm x 13mm)	WM-2 1/2" x 2" (51mm x 13mm)

Custom rubber stamps can be made to almost any size. These are the standard sizes only.

ALSO AVAILABLE: • Deep moulded rubber dies for special marking.

Rocker Stamps

Rocker stamps

To use simply rock the stamp on the pad to ink, and again rock the stamp on the document to be marked. This will provide a far superior imprint, with less effort than a traditional flat stamp mount. Oversized stamps work best using the rocker mount.

STAMP PADS

Heavy Duty Industrial pad

Extra durable to stand up to alcohol and solvent based inks. A rugged metal case that is leak resistant with a very thick interior. They are widely used for industrial applications, these pads come dry and to be inked before use.

EVO STAMPS -- PRE-INKED STAMPS

FLASH STAMPS HAVE NEVER BEEN SO CLEAN AND EASY.

The EVO line is a modern and ergonomically designed flash stamp. This technology allows an optimized handle size also for large text plate sizes.

COLOP offers a complete range of sizes - up to X-large formats. More than 20.000 sharp and clear imprints without re-inking are possible.

All EVO standard and X-large mounts consist at least of 50% recycled plastic.

X-Large image window for full size imprint and personalization

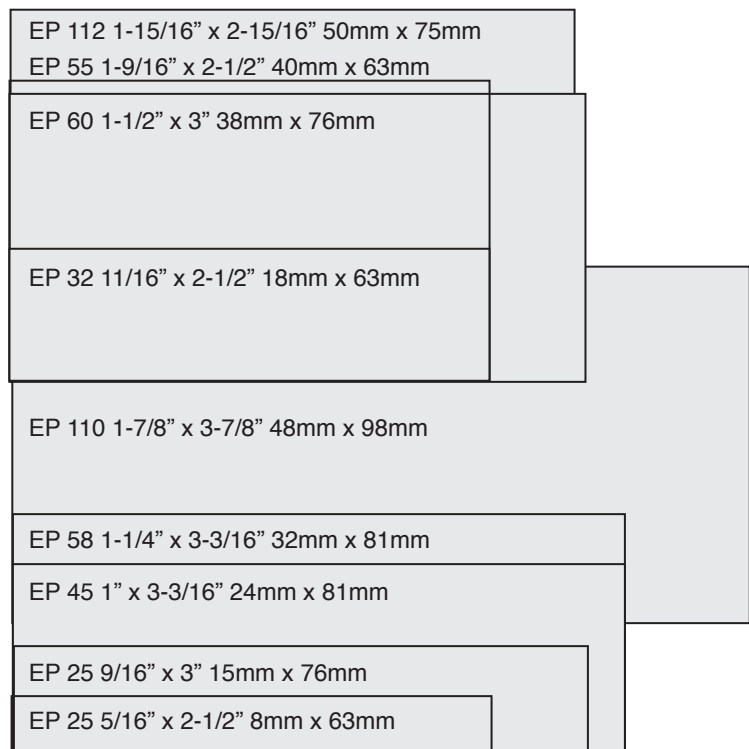

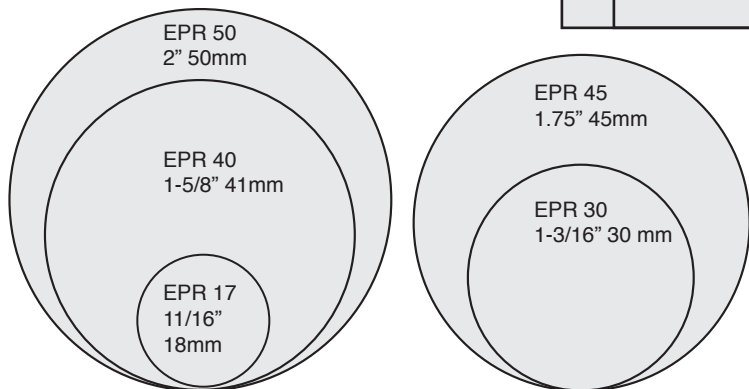

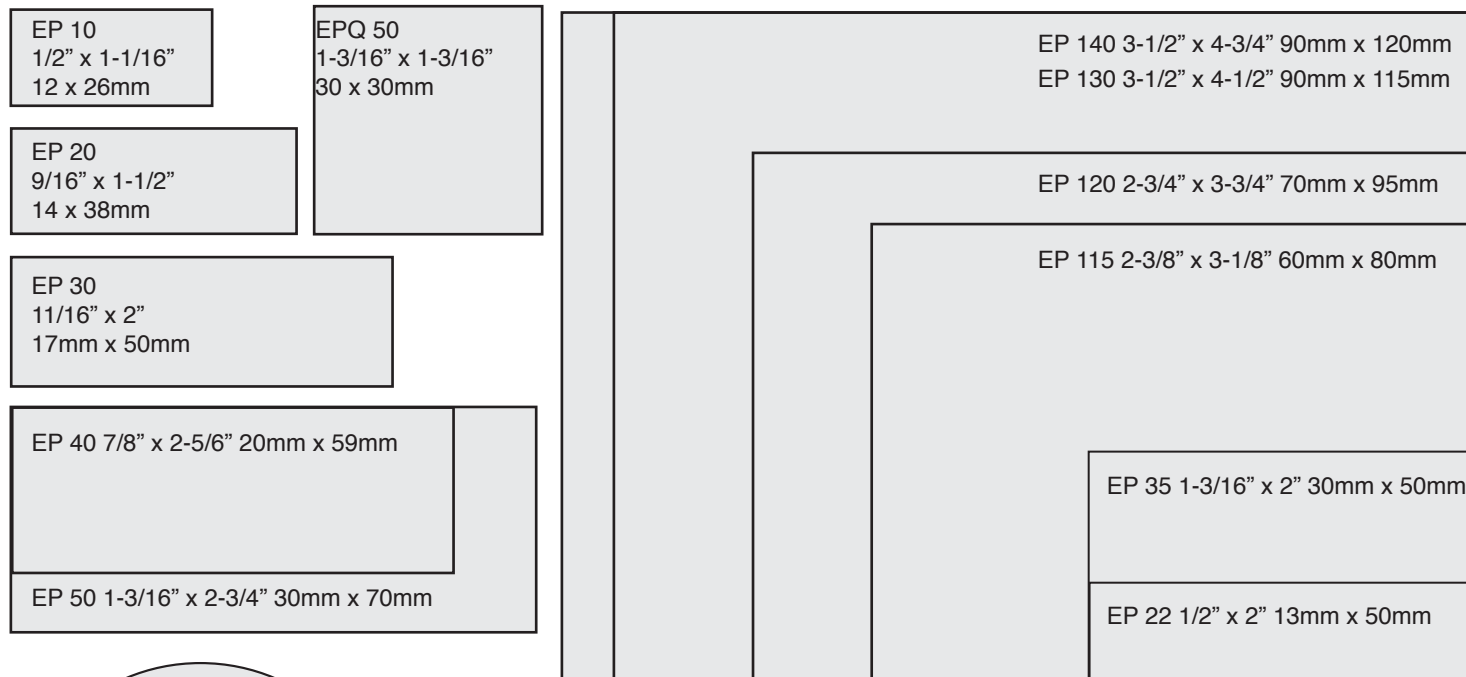

Dust cover for protection and transportation

Easy and clean re-inking

trodat® -- SELF INKING STAMPS

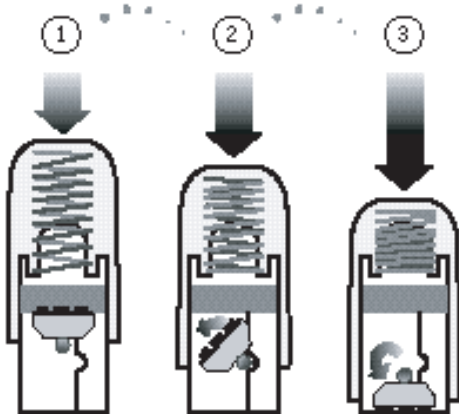

Clearly, the best impressions of all Self-Inking stamps.

Perfect quality by means of innovation and design.

The new Printy provides the latest in stamp technology, with 14 popular sizes to choose from.

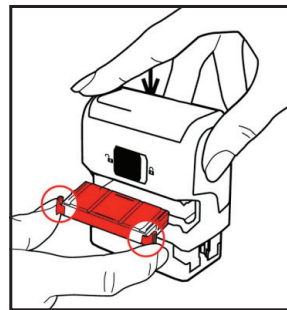

Self-Inking is that easy

1. The die "sits" in the ink pad and upon stamping, is released
2. It then revolves 180°.
3. Resulting in a clean, clear imprint, everytime.

What makes the Trodat Printy the preferred stamp choice?

Changing the ink pad is as easy as changing a pen refill

NO FUSS

NO MESS

PAD MAY BE RE-INKED
OR EXCHANGED

5 COLOURS TO
CHOOSE FROM

- ✓ Superior ink pad technology provides crisp, even impressions
- ✓ Rigid quality control with state of the art manufacturing
- ✓ Clear indexing on top makes stamp selection quick & easy
- ✓ Lifetime warranty on unit itself

THE ADVANTAGES AT A GLANCE:

- Imprint colors selectable from 4 predefined stamp colors
- Customized imprint: color areas may be **freely** selected
- Top-quality imprint: the perfect imprint that you expect from Trodat stamps with a lifetime warranty

REORDERING MADE EASY: Original pads for Trodat color stamps can be reordered simply and reliably at any given time.

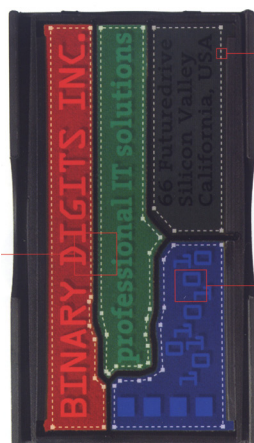

IMPRINT SAMPLES:

COLOR FIELDS

In order to tailor-make the imprint to the customers' needs, the color fields can be arranged any way on the pad.

MULTI COLOR IMPRESSION is based on high tech and a patent-pending production process ranging from precise cutting between the color fields to the best possible coloring of the pad. The whole design focuses on a top-quality imprint giving the best impression for the customer.

THE FIRST INDIVIDUAL
IMPRINT THAT
MAKES A 4-COLOR
IMPRESSION

MULTI COLOR IMPRESSION provides you with a high degree of independent designing. The sole limitation is that the minimum distance of letters or characters in varying color fields, must comprise 2.5mm and the smallest feasible color field totals 8x8mm.

METAL SELF-INKERS (STAMPS, NUMBERS, DATERS)

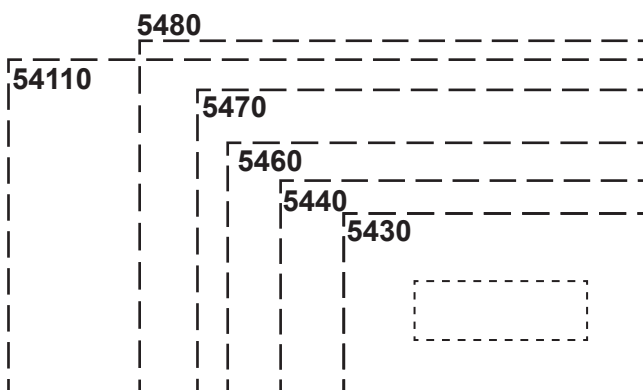

Trodat Metal Framed Professional Line, Plain & Daters Self Inkers

The 5200 series combines the strength and endurance of a polished steel plated frame with the ease of a self-inking mechanism. Much like the Trodat Printy-the ink pad is located in the frame and the impressions can be customized to fit any of the neighboring stamp sizes.

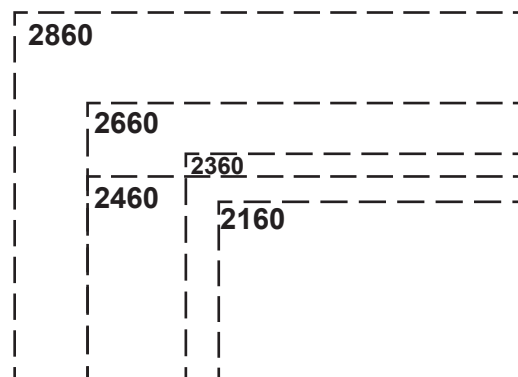

Trodat Metal-Framed Professional Daters

The 5400 series offer various products in this category. Stamps with the date only, the date in combination with individual or with stoke text. Highest quality standards make the Professional a completely reliable office product.

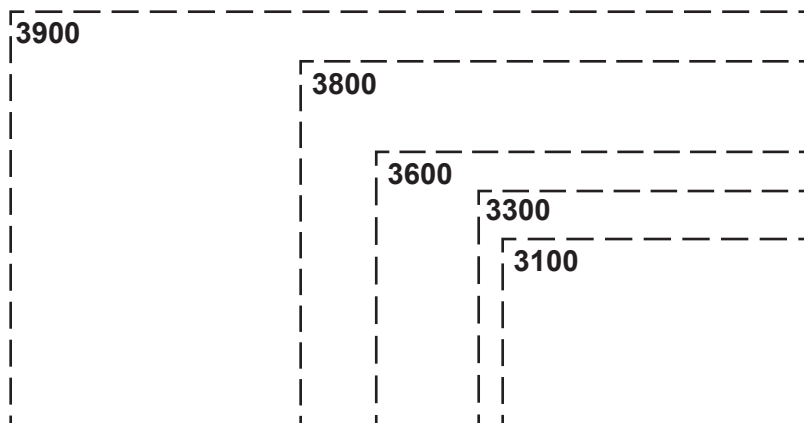

Colop Classic Line Daters

The Colop Metal Self-Inkers have a unique, advanced design. They offer the smoothest stamping action on the market and are highly recommended for office applications. Available with or without date.

Colop 2000 Plus Expert Line

Heavy Duty - Metal equals stability and durability - minimum 80% pure steel. Available with or without date. 3900 can have double dates

CALL FOR QUOTE. PRICE DEPENDS UPON SIZE AND NUMBER OF BANDS

LINE DATERS AND LINE NUMBERERS

The finest dating stamps on the market today. High-grade throughout both in construction features and in competitive of materials used.

Great for:

- Librarians
- Shipping/Receiving
- Packaging Identification
- Ledger Work

The substantial steel frames are heavily chrome plated.

Bands are deep moulded, giving clear-cut impressions.

20X30	6-3/4" x 10-1/2"	\$112.52

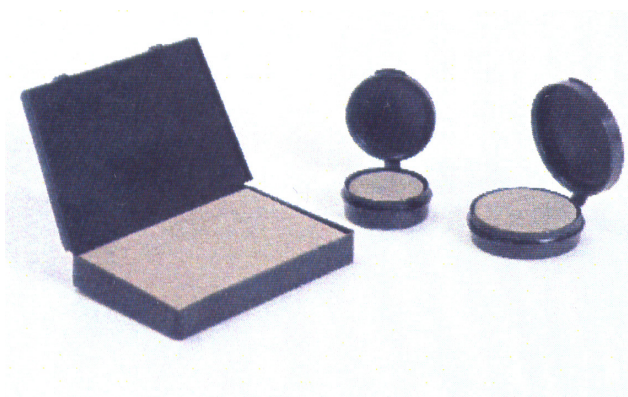

Pre Inked Quick Dry Stamp Pad

Pre-inked pad with quick dry ink for on porous surfaces dries in 45 seconds or less on most surfaces. Ink pad case seals like a tupperware container and are extremely airtight. Pads will stay moist up to 12 months when lid is sealed properly. Pads can be inked with the quick dry ink refill, with available colours black and white.

	RETAIL
1-1/8" X 1-1/8"	\$ 22.75
2-1/4" X 3-3/8"	\$45.55
Refill 20oz	\$45.25

Stone pads are used with etching ink

This is the only stamp pad that can be used with solvent/acid based industrial marking inks without destroying the pad. A constant flow of ink from the porous stone helps create high quality, non-smear impressions

Reconditioners for Inks

A reconditioner is available for rejuvenating evaporated solvent and restoring pads to workable condition. For use with #445, #555, and #667. The reconditioner comes in 4oz., pints, quarts, and gallons.

Ink Cleaner

To aid in removing ink of all kinds from rubber stamps and dies. The cleaner will clean most inks and not harm rubber or polymer dies. The ink cleaner is available in 4oz., pints, quarts, and gallons.

Special Purpose Ink & Pads

- 1. Superior Stamp Pad Inks**
This ink is used in standard dye based stamp pads and comes in a wide variety of colors.
- 2. Memories Ink and Stamp Pads**
This ink and stamp pad is an acid free, fade resistant and water resistant stamp pad ink which will not dry out on the stamp pad. It comes in a wide variety of colors.
- 3. Craftprintz Ink and Stamp Pads**
This ink and stamp pad is a nontoxic, pigment based permanent ink for porous surfaces such as uncoated paper, wood, and fabric. After heat setting, it does not wash off of fabric. It comes in a wide variety of colors.
- 4. Child Safe Washable Ink and Stamp Pads**
This ink and stamp pad is a dye based nontoxic stamping ink made from only FD&C approved ingredients. The ink is formulated to be non-hazardous and wash off easier than other inks.
- 5. Super Print Finger Print Ink Pad**
This ink is a specially formulated black ink which will give a permanent, waterproof and fade resistant finger and foot print. The ink will rub off of skin easily.
- 6. Invisible Ink**
This body stamping ink comes in blue and green, it can be seen under a black light.

METAL & ACRYLIC LETTERS

Raised lettering is sure to catch the eye. Brass, satin polished, hard chrome plated, natural aluminum or painted enamel to colour specification. All metal letters come with hidden stud mountings.

DIRECTORIES

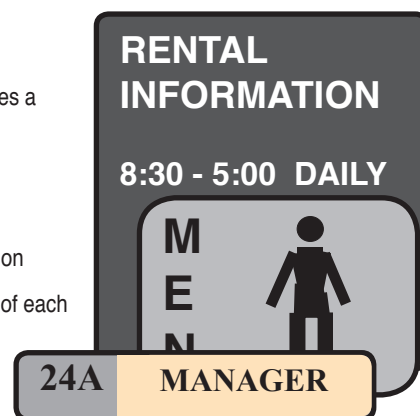

Engraved inserts make directory updating simple and fast.

Extruded aluminum holders are polished, bright gold and silver.

MODULAR FRAME SYSTEM

- Frame Design** Two reveals - front reveal gives insert panels a recessed look. Back reveal provides a projected appearance.
- Snap Lock Mechanism** Tamper-resistant insert panels, positive locking, speed of sign changeover and modulation formatting.
- Mounting** Pregrooved mounting, tape concealment, standard hardware and ease of installation
- Insert Panel** Provides design option versatility. Ability to mount multi-color inserts independent of each other. This provides easy changeovers. Sign inserts are tamper-resistant.
- Radius Corners and Edges** All panel inserts are divisible by New Hermes 24" by 48" standard sheet size. This provides maximum yield and cost effective use of sign material.
